

How to pack for a Pumba Safari

You've planned your trip! Here are some suggestions from us on what to pack for your African Safari!

1 PACK SOFT & LIGHT

Luggage restrictions on internal flights means that packing lightweight safari clothing is key. The bonus is the lighter the clothing, the more you can pack in.

2 ENJOY THE AMENITIES

While on safari, take the time to enjoy the amenities at the lodges. You are on holiday after all. From the private plunge pools at your chalet to the gym and spa. Ask about our extra activities.

Suggestion: Swimming costume, towels are provided. Closed shoes for walking safaris and safari drives.

3 THINK LAYERS

Temperatures can vary greatly on safari. Days might be blazing hot, while nights and mornings can be downright chilly.

Suggestion in summer: Lightweight down or fleece jacket

Suggestion in winter: Lightweight down or fleece jacket, beanie, gloves, scarf, vests

4 PACK WITH A PURPOSE

Consider packing some clothing you don't mind leaving behind for **the communities in need**. You'll free up space for some souvenirs - and your donation is most appreciated.

5 STAY SAFE FROM THE SUN

On safaris during the day, the hot sun can be brutal. Be sure to take extra care to cover up with sunscreen.

Suggestion in summer: A wide-brimmed safari hat and sunglasses are also essential, especially in the case of open air vehicles and a good SPF sunscreen.

6 BE CAMERA READY

Be ready for that perfect wildlife shot. Pack extra memory cards, camera batteries, the lodge has binoculars but feel free to pack your own.

Suggestion: Pumba offers a photography safari as a extra activity. Find out more about this when booking your stay.

7 GADGETS

Please note that **NO DRONES** are allowed on the premises, to ensure the safety of our animals.

Stay connected with our complimentary WI-FI. Remember to pack in all necessary chargers. Adaptors are available at reception should you need any.

A range of fleeces, caps, beanies, T-shirts and shirts is available from the gift shop at Pumba Bush Lodge.

Summer period: October - April | Winter period: May - September
